AFFORDABLE ASSISTED LIVING

Since 1994, Libby Bortz Assisted Living has provided 24-hour care for the seniors of Littleton. The three-story building features 111 private apartments with meal service, activities, a hair salon, and more. The beautiful property is conveniently located in Downtown Littleton, offering all the comforts of home and the peace of mind to go with it.

■ PERSONALIZED CARE IN A RESIDENTIAL SETTING

We offer a basic independent level of care in an a la carte style that caters to the individualized needs of our residents. They receive the privacy of their own apartment with the benefits of living in an engaging and vibrant environment. Residents are encouraged to enjoy the common areas and the many organized social and recreation activities that occur daily.

■ EXPANDED CARE AND SERVICES

We offer additional Level 1 and Level 2 Expanded Care Services for residents who need more help with day-to-day activities. This option provides assistance with meals, medications and oxygen, appointments, dressing, personal hygiene, moving around safely, participating in activities, and more.
